EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. DeLio on January 12, 2006.

The application has been amended as follows: In claim 1, line 4, --a door lock for horizontally moving the deadbolt into the striker-- is inserted immediately following the comma and before "and". In claim 9, line 2, "includes a mount for mounting the striker" is replaced with --is mountable--. In claim 9, line 3, "includes a mount for mounting the deadbolt" is replaced with --is mountable--. In claim 29, line 2, "includes a mount for mounting the striker" is replaced with --is mountable--. In claim 29, line 3, "includes a mount for mounting the deadbolt" is replaced with --is mountable--.

The following is an examiner's statement of reasons for allowance: The prior art, such as Iwamoto et al (515), does not teach a vertical door locking system including a door lock for horizontally moving a deadbolt into a striker, an upwardly open strike opening for vertically receiving the deadbolt, and an electric lock controller to electrically operate a catch mechanism of the striker.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
